MENDOCINO VALLEY SCENES — COUNTY BUILDINGS — MENDOCINO LOGGING AND COAST SCENES

VOL. XXIX. UKIAH, MENDOCINO CO., CAL.: FRIDAY, SEPTEMBER 30, 1904 NO. 13

MASS MEETING WELL ATTENDED

The mass meeting at the court house Monday night proved a very enthusiastic gathering. A number of speeches were in favor of the municipal ownership of public utililies and the successful ventures of other cities in this regard were cited. Attorney Pemberton presented his views on the matter very clearly and pointed out the pros and cons, urging the people not to act hastily in the matter. He also stated that Mr. Brush had offered to sell the present system to the town for the very insignificant sum of $55,000.

J. B. Sanford read the report of a committee of citizens of Napa, who visited Santa Rosa for the purpose of enquiring into that city's municipal plant, and the advantages were all in favor of municipal ownership. Chairman Weldon appointed J. B. Sanford, W. H. Chessall and N. Wagenseller a committee of three to circulate a petition asking the trustees to secure estimates on the probable cost of an adequate system and also to call an election for the purpose of voting bonds. If two thirds of the voters sign the petition the election will be called, as this will be taken as an indication that municipal ownership is wanted.

A Mystery Solved.

Identification of the body of the man taken from the bay some weeks ago has been fully established, says the Mendocino Beacon. Mrs. Bishop, a divorced wife, and Miss Carr, a grown daughter, came up from Rridgeport last Saturday, and examined the clothing of the drowned man, and satisfied themselves beyond any doubt that it was none other than that of Carr. It seems that the deceased had come up the coast about the 7th or 8th of July and applied to Chas. L. Knight, mill foreman, for a position in the mill, which could not be given at the time. He had been drinking, as was noticed by several people. The last seen of him was on July 8th, until the body was picked up on the beach on August 13th. Mrs. Bishop lives at Cazadero, having not lived with Carr for about five years. The ladies returned home last Sunday, undecided as to the disposition of the body.

A New Restaurant

Warren Brown and Frank Isherwood have purchased the icecream parlors, conducted by Mrs. Sedding, next door to the PRESS office and have opened a firstclass restaurant and chop house to be known as the Eagle. Both gentleman are popular and Mr. Isherwood looks like a real chef in white apron and cap. The place is neat and clean and everything will be served at tables covered with white linen. French homemade candies will be kept on hand, the firm having secured the services of Robert Thornton, a sugar manipulator of no small fame.

A Good Roadman.

W. B. Ontis, of Christine, was over this week on jury duty. Mr. Ontis is one of the best roadmen in the county and has charge of a part of the road in Supervisor Rawles' district. He is the gentleman that constructed the bridge across Fy Moore creek for a little over $400, when the Democrats were crying that Rawles had exceeded his authority as supervisor by having a bridge built and not letting it by contract. Mr. Ontis also appears to be a good juryman as he was over on the venire at the June term of court.

Candidate For the Assembly.

L. P. Branstetter, a wellknown stockraiser, of Humboldt county, is the Republican candidate for assemblyman from his district. Mr. Branstetter has made frequent business visits to the coast section of Mendocino, where he has many acquaintances who will wish him success in his political aspirations.

Registration Has Closed.

September 28th, forty days before election, the law says that the registration of voters must close, consequently all who did not attend to that little matter prior to Wednesday night must forego the pleasure of expressing their preference on election day. At present it cannot be determined how many voters have been registered, as Mr. McCowen has not yet received all the registrations from his deputies in the field, and does not expect to until the end of the week.

Mr. McCowen had as high as 102 deputies throughout the county registering voters. One deputy in Sonoma county, G. W. Hoyle, of Cloverdale, registered a number of Mendocino county voters and forwarded the registrations to Mr. McCowen Thursday. A canvass of Ukiah was made by interested parties the first of the week and some sixty unregistered voters were found. Many of them attended to the matter before it was too late, but already quite a number have appeared who thought they had plenty of time.

ATTEMPTS LIFE OF PHYSICIAN

One day last week Dr. G. A. Woelffel, of Willits, was attacked by a patient who is supposed to have been insane and but for his alertness would probably have lost his life. A Greek gentleman had called at the doctor's office to have a gathering on his cheek lanced. The doctor had attended to the case and was cleaning the instrument, for the moment having his back turned to the Greek. The patient grabbed a lance from the instrument case and made an assault but Dr. Woelffel managed to ward off the blow, which was aimed at his heart, with his left forearm. A deep wound was inflicted which was very painful and might have been dangerous but for prompt treatment. So far the authorities have not been able to locate the Greek.

Race Horse Killed.

A mare owned by Joe Landrum, that was being trained for the approaching races, became unmanageable on the Willits track last week and ran against a board. The board penetrated the animal's breast about three feet and it died immediately. Louis Felton, who was acting as jockey escaped injury.

Coming Back.

Ordway Brothers have returned from Humboldt county after a successful season with their wild west show and will exhibit in Covelo tonight and tomorrow night. They will be here during fair week. They have a number of new features and are sure to draw large audiences.

Popular Clerk Banqueted.

J. J. Keller, who has had charge of the Branch City of Ukiah for the past two years, left that city for Lakeport last Saturday where he has accepted a similar position. The Willits band gave him a farewell banquet. H. Marks & Co. have closed the Willits store.

Cancer Specialist Returned.

Dr. R. L. Cleveland, the cancer specialist, has retruned from his trip to the northern counties and is again ready for business. Parties desiring to consult the doctor can do so by telephone by calling up Cleveland's station.

Railroad Surveys.

The surveyors for the Albion and Southeastern railroad are now working on Flynn creek near Christine. The people in the Anderson valley section are now confident that they will have a railroad before long.

Did Not Take Poison.

William Longmore is recovering from his recent attack of heart failure. The report in the San Francisco papers that he took poison is said to be without foundation.

Our Next President

THEODORE ROOSEVELT

CITY PEOPLE VISIT UKIAH

The excursion from San Francisco Sunday was fairly attended despite the inclement weather, about 450 people taking advantage of the reduced rates to spend the day away from the metropolis. A slight shower was experienced shortly after the train arrived, but long before 5 o'clock the rain had ceased and once the excursionists were permitted to get a glimpse of the Mendocino county sun. Among the former Ukiahites noticed were: Ben Cerf, Harry Bailey, Alex Frasier, Al Hale, A. H. Hale, Bert Sanders, Leslie Reed, Oscar Hargis, Miss Curtis and Miss Edwards.

One on Mark.

The latest story going the rounds is on Mark Gibson, the Democratic candidate for supervisor in this district. It is said that on one of his hunts for unregistered voters Marcus came across an Italian laborer who had recently moved from Oakland where he had been registered but who desired to vote in this county. After the situation was explained Mr. Gibson secured the transfer and had the gentleman properly registered. A few days later the new resident was discussing the matter with a friend and the following conversation ensued:

"Marka, he getta a transfer. Marka, he gooda da fel; buya da plenty wine. I vota for Busch. I heara man say Marka, he gota da too many cous; No chance for the Ital. Cous getta da work. I vota da Busch."

Minstrels Coming.

Gorton's celebrated white minstrels will visit Ukiah on Friday, October 14. This company has been playing the principal cities from New York to Portland and having a day to spare were engaged on a large guarantee to play once in Ukiah. Twenty artists will appear in a varied musical performance. Their superb band will parade at noon and again before the entertainment in the evening.

Fort Bragg's Daily.

The Fort Bragg Mail is issuing a daily edition during the race meeting this week, and promises to make it permanent provided the proper kind of encouragement is forthcoming. The first issue received makes a creditable appearance.

UNSAVORY TRIALS IN SUPERIOR COURT

Charles Dixon was convicted in the superior court Wednesday of the crime of rape, committed on his own ten-year-old daughter. The evidence introduced at the trial was of an extremely revolting nature. The defense made an attempt to show that the charge was a scheme of the defendant's wife to get rid of the husband, but it is evident that the jury took little stock in that. The little girl was put on the stand to testify and she told a straightforward story that was believed in preference to the one told by the unnatural father. Dixon will be sentenced this morning.

The L. D. Cook Trial.

The trial of L. D. Cook, who shot and killed Max Kreiger near Willits last July, was begun in the superior court Thursday morning and half the day was consumed in securing a jury. It will be remembered that the trouble arose over Kreiger's attention to Cook's daughter.

The testimony so far has tended to show that a very low standard of morals prevailed in the Cook family. The girl, over whom the trouble arose, apparently desires to shield her father as much as possible. It is expected that the case will go to the jury to-day.

Fine Residence.

The elegant new residence of Mr. and Mrs. C. P. Smith is rapidly nearing completion. It is of the mission style of architecture and will be one of the handsomest in town. The brick pillars in front are entirely different from anything before seen in this section. Sam Orr is the architect.

Over From the Coast.

H. H. Brown, one of Mendocino's prominent business men, came over to the county seat yesterday and will remain a few days on business of a legal nature. Mr. Brown has many friends in Ukiah and will manage to spend his spare time pleasantly.

A Jail Full.

The county jail is again fairly well filled up, twelve ablebodied inmates now being registered. A large per centage of them are vags and have been appointed deputy janitors by Cal Toney.

Considerable Sickness

Robert Redwine, the efficient Round valley peace officer, was in Ukiah Thursday on business. Mr. Redwine reports considerable sickness in his section of the country at present. Mrs. Sandy Hornbrook is suffering from a long continued illness that may yet result fatally. Mr. Redwine's little daughter has been ill of typhoid fever for ten weeks, and at present is somewhat better. The late Jacob Updegraff died at Mr. Redwine's home, so Mr. Redwine and family have had a very trying experience during the past few months.

Albion Mill Shut Down.

The Albion mill has been shut down on account of a peculiar accident. A few days ago the monster smokestack toppled and fell, and until a new one is in place the mill will have to remain idle. The stack is five feet in diameter and forty or fifty feet in height, and examination proved that it was rust eaten so badly that it could not sustain its own weight. No other damage was done by the falling pipe.

MENDOCINO MILL MAY BE SOLD

There is an impression abroad that the Mendocino Lumber company has disposed of a controling interest in its mill and timber holdings on Big river. President Williams has been on the coast lately in company with a Mr. Clough, who is supposed to represent the new owners, and from the movements of the two gentlemen it is certain that the transfer has either actually been made or is about to occur.

One gentleman living in Mendocino had a business deal on with another gentleman connected with the company, and the latter was compelled to call the deal off on account of the impending transfer.

It will be remembered that some few years ago the Ford family sold their interests to Mr. Simpson, of the Simpson Lumber company. The Fords owned the controling interest, but Mr. Simpson has not taken much interest personally in the business on account of poor health and press of other interests.

Held's Itinerary.

W. D. L. Held, Republican nominee for assembly for this district, will commence his campaign next week and will be assisted by Attorney Chas. M. Mannon and Deputy Geo. A. Sturtevant, of the attorney general's office. The following is the itinerary:

W. D. L. Held and C. M. Mannon:
Boonville ..... Oct. 4
Point Arena ..... " 5
Gualala ..... " 6

W. D. L. Held, C. M. Mannon and G. A. Sturtevant:
Greenwood ..... Oct 8
Albion ..... " 10
Mendocino ..... " 11

W. D. L. Held and G. A. Sturtevant:
Caspar ..... Oct 12
Fort Bragg ..... " 15
Westport ..... " 17

The issues of the campaign will be fully discussed and you cannot afford to miss these meetings.

The Rainfall.

The recent rainstorm was the heaviest for September during the past 27 years as reported by Dr. George McCowen. Two and eighty-seven hundredths of an inch fell, beating the previous record by 1.02 inches. For the season the rainfall is 2 89 inches, the .02 having fallen during July. The result of the shower is evident as new grass is springing up on all the ranges. The crop of early feed will be better than ever before known.

Railroad's Winter Schedule.

The winter schedule on the local railway goes into effect next Sunday, October 2, and it will practically differ none from the schedule in force last winter. The winter schedule provides for the departure of the afternoon train for San Francisco at 1:30 instead of 2:55 as in the summer. The evening train will arrive at 8:20 instead of 7 o'clock.

BOYS TRY TO WRECK TRAIN

Last Thursday Special Agent Powers of the California Northwestern railroad procured a confession from Henry Clay that he and Will Van Bibber, a boy almost fifteen years of age, placed ties on the railroad track above Lahm's crossing, says the Willits News. Van Bibber was arrested and his hearing set for October 3rd.

Last Friday evening an extra train bound south was nearly wrecked south of Lahm's crossing, between Willits and Ridgewood. The train was an extra, in charge of Conductor Kinsner with William Provines at the throttle of engine 32.

The train was skimming along when the engineer felt a jar and saw timbers, wood and rocks scatter from the impact of the pilot. The train passed over safely although it was a narrow escape. An examination showed that timbers, two-foot wood and boulders had been placed on the track, with the probability that a passing train would be ditched.

The engine threw a portion of the debris off the track and crushed the remaining to kindling. This is the third attempt that has been made to wreck a train within the past thirty days in the same neighborhood.

Got a Move on.

Carl Ganter made a record ride from Eden valley Sunday. He is representing the firm of Donohoe & Ganter and is putting in a pipe line on the Henshaw Brothers' ranch. He had an important letter to mail and so rode horseback to Willits; finding that he could not catch the train there he hired a rig and drove to this city, arriving here just before the morning train pulled out. Donohoe says it is the first time he ever knew his partner to get in such a rush about anything and that he has his doubts whether the letter was to a hardware house.

Rev. Waggener May Leave.

Presiding Elder W. O. Waggener returned to Ukiah this week after visiting a number of the churches in his district. After the meeting of the annual conference Mr. and Mrs. Waggener and daughter will leave for St. Louis to visit the big fair, after which they will spend some time visiting in the southern states. It is more than likely that Mr. Waggener will not return to California, but will locate in Alabama or some other southern state. The reverend gentleman has not fully decided to do so but is seriously contemplating the change.

McKinlay at Willits.

Duncan McKinlay addressed a large audience at Willits last Thursday night and was well received. He reviewed the record of the Republican party and made very conclusive arguments in favor of the present administration. On account of the inclement weather, Mr. McKinlay was unable to keep his appointment at Covelo but will return in the near future and visit that section.

Rev. Bolster Promoted.

Rev. J. C. Bolster left this week for his new pastorate in Oakland. His many friends were anxious to have him returned to this city but the promotion means a larger field for his chosen work. The reverend gentleman, although pleased with his promotion, states that he is sorry to leave Ukiah. Rev. W. M. Woodward has been chosen to fill the vacancy.

Raises Angora Goats.

Philo Ogden, the wellknown Angora goat breeder of Upperlake, was in Ukiah yesterday, bringing over eleven goats from his herds to be shipped to a purchaser in the southern part of the state. Mr. Ogden's goats have a reputation that is par excellent all over the United States, and he is finding the breeding of the animals even more profitable than raising mohair.

The Happy Home.

Happiness must be founded on health. Where there is ill-health there will surely be unhappiness. The happiness of many a home has received its downfall at the table, spread with rich and dainty foods. The first symptoms of disease of the stomach are ignored as being disagreeable but not dangerous. Presently dyspepsia or some other form of disease fastens on the stomach.

At any stage Dr. Pierce's Golden Medical Discovery will cure diseases of the stomach and other organs of digestion and nutrition. But the cure is quicker if the "Discovery" is used in the earlier stages of disease. If you have any symptoms of diseased stomach use "Golden Medical Discovery" and be cured.

"I feel that I would be doing an injustice to you if I did not send you a statement of my case," writes Mrs. David W. Guice, of Hamburg, Franklin Co., Miss. "I had liver complaint and indigestion. Everything that I ate disagreed with me. I suffered all the time with swimming in my head; heart beat too fast; my feet and hands were cold all the time. Did not sleep well at all. Was able to get about but very little. I commenced to use Dr. Pierce's Golden Medical Discovery and 'Pleasant Pellets' in May, 1897, and by December I could begin to get about very well. Have been doing my work ever since. Feel better than I have for several years."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent *free* on receipt of 21 one-cent stamps to pay expense of mailing *only*. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE NEWS SUMMARY

Montevideo, Uruguay—Peace has been concluded between the government and the revolutionists.

Copenhagen—Professor Niel Finsen, discoverer of the so-called Finsen rays of light for the cure of lupus and head of the Finsen Ray institute here, is dead.

London—A successful operation was performed upon Lady Curzon Sunday afternoon, and it is announced that her condition is grave, but that the outlook is more hopeful.

Des Moines, Ia.—Ex-Speaker David B. Henderson, Iowa's greatest statesman, twice elected speaker of the national house of representatives, is very ill at his home in Dubuque, and even his best friends are denied an audience with him.

Lewiston, Idaho—Indians from all over the northwest have been summoned to gather on the Nez Perce Indian reservation in order to celebrate with a feast and war dance the memory of their late leader, Chief Joseph. At the same time a successor will be chosen to rule the tribe.

New York—Frances Hope Sankey, favorite granddaughter of Ira. D. Sankey, the well-known evangelist, who became blind recently, is dead at her home in Brooklyn from diabetes. The child, who was only four years old, had been an almost constant companion of the evangelist since he lost his sight.

Lexington, Ky.—George H. Alexander, state revenue collector of Louisville, Saturday filed suit in the county court against James B. Haggin, the multi-millionaire turfman, for $155,440, claimed to be due the state and county for taxes on $2,600,000 worth of personal property for the years 1899, 1900, 1901, 1902 and 1903.

Waterloo, Neb.—Three surveyors unearthed the petrified body of a man at Dayton-Compton farm, three miles south of Waterloo Saturday. The body was buried about four feet below the surface of the earth and weighs 700 pounds. It is evidently that of a white man, and the petrification is in perfect condition. There is a scar on the breast, just below the heart, which looks as if it had been made by a bullet. The discovery of the petrified body was made by surveyors who were digging for a corner post. The petrification is regarded as an uncommonly rare and valuable one. What disposition will be made of it has not been decided.

New York—Louis Fleischman, the restaurater, whose philanthrophy as examplified nightly in the "bread line" at his bakery on Broadway has made him famous throughout the world, is lying at death's door at his home in this city. The physicians in attendance give no hope for his recovery. Fleischman has been ailing since two years ago. Fleischman's "bread line," which extended around from Broadway through Tenth street to Fourth avenue, has long been a unique feature of the city, and is one of the most practical charities in the world. Thosands of destitute are relieved daily, the line of applicants for bread at the bakery door often extending several blocks. Not only are unfortunate men supplied with rolls and bread, but each man receives a cup of hot coffee.

DUPED MANY PEOPLE.

New Swindles by Prisoner Related in Trial at Los Angeles.

Los Angeles, Sept. 27.—An extraordinary swindling transaction was unfolded before Judge Allen yesterday, wherein C. A. Runels, an erstwhile real estate operator in this city, now doing a term in the state prison for fraudulent practices, was made to appear as the chief manipulator. An action was brought by Anna L. Like and A. I. Like against James Rutledge, J. H. Henderson and C. A. Runels to have certain deeds to lands in San Benito and Monterey counties canceled.

Henderson is supposed to be a myth, and the brunt of the suit fell upon Rutledge. In the fall of 1902 Runels called upon Rutledge to raise some money for a client on property in Riverside county. Rutledge finally bit, and put in $1200. The piece of property was not the piece offered in the mortgage. A few days later Runels asked for a loan of $125 on certain Riverside water bonds. Rutledge was going to be sure, and telegraphed to the office of the water company and discovered that the bonds were selling at $50 and hard to get. Thereupon Rutledge assumed that the bonds offered and which belonged to another company must be gilt-edged security, and put up $125.

Two days later Runels was again after Rutledge with a bunch of Arkansas gold bonds, upon which he borrowed $250. Rutledge finally found he had been swindled, and demanded restitution. Then it was that Runels went to Like, posing as agent of a man named Connolly, who wanted to trade Ohio property for some in California. He showed an abstract of title which turned out to be fictitious.

DOUKHOBERS TREK.

Winnipeg, Man., Sept. 27.—Word has been received here from the Doukhober colonies, near Saskatoon, Northwest Territory, that a large body of Doukhobers has started on a march for the United States. This time they are not looking for a Messiah, but are on the trek for a warmer climate. The affair is causing much excitement, as it is not known to what extreme these people will go to obtain their ends. It is feared they have started on the longest pilgrimage they have ever had. The Royal Northwest mounted police is being rushed to the scene.

222 South Peoria St.,
CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Georgia Dunlap

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?

WINE of CARDUI

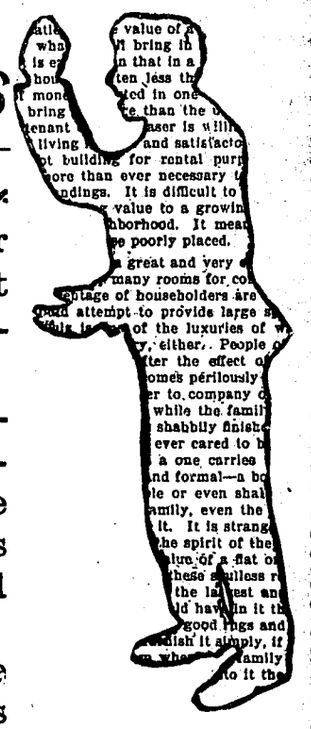
A Proposition From the Publishers



WE WANT to add a sufficient number of names to our subscription list so that it will include every taxpayer, voter and reader in the community.

We don't know of a better way to accomplish our purpose than to offer inducements that will show we are not only sincere but are desirous of giving our subscribers more for their money than they ever received from any publisher.

A favorable contract which we have closed with the Los Angeles Times gives us the right to sell their Illustrated Weekly Magazine in connection with our paper at a price that is but a trifle higher than the regular subscription charge for our paper, and less than the publishers regularly charge for their Magazine.

Facts about The Times Illustrated Weekly Magazine.

Each number has 28 to 32 large pages, equivalent to 120 magazine pages of average size.

If put in book form 300 pages of the ordinary size would be required.

Its Contents.

Californian in tone and color, Southwestern in scope and character, with the flavor of the land and of the sea, the mountains, the slopes, the valleys and the plains.

Devoted to the development of the country, to the exploitation of its marvelous natural resources and to the word-painting of its wonders and beauties.

The contents embrace a wide range of good reading matter: Popular descriptive sketches, solid articles, thoughtful and picturesque editorials, brilliant correspondence, poetry, pictures and bright miscellany.

W. C. T. U. LADIES IN CONVENTION

The seventeenth annual county convention of the Mendocino County Woman's Christian Temperance Union at Mendocino last Friday, Saturday and Sunday was one of the most successful in the history of the county organization. The attendance of delegates was not as large as at some former conventions, on account of the weather, but enthusiasm made up for any lack of numbers.

The work of the convention Friday morning consisted of a meeting of the executive board, roll-call of officers and superintendents, the appointing of various committees and hearing reports of officers and heads of departments. In the afternoon reports of the various committees for the current year were heard, and two exceedingly interesting addresses were delivered, one on work among lumbermen, by the state superintendent, Mrs. A. B. Campbell, and the other on "Principles and Purposes," by Mrs. A. C. Bainbridge. The afternoon's work concluded with a meeting of the nominating board.

Friday evening the local union gave a musicale for the entertainment of the delegates. The affair was most successful and was well attended. The numbers were rendered by local talent, ably assisted by Caspar and Fort Bragg.

Saturday morning the regular convention work was taken up again, several good papers read and the following officers elected for the coming year: President, Mrs. E. R. Miller, of Cleone; vice-president at large, Mrs. Isabel Johnson, of Fort Bragg; 1st vice-president, Mrs. Odle, of Ukiah; 2nd vice-president, Mrs. Braskett, of of Willits; recording secretary, Mrs. C. D. Morgan, of Mendocino; corresponding secretary, Miss May Brown, of Mendocino; treasurer, Mrs. J. E. Pemberton, of Ukiah; auditor, Mrs. A. B. Campbell, of Fort Bragg.

The chief feature of Saturday evening's work was probably an address by Mrs. Elizabeth Ross Miller entitled, "The Old Order Changeth." Mrs. Miller is the president of the organization in Mendocino county. She is a clear, concise and most engaging speaker and is well known and highly thought of in all circles engaged in temperance work throughout the state.

Sunday's work was a continuation of the routine, with the agreeable exception of a children's service in the afternoon, arranged by Mrs. Wayne P. Smith, of Mendocino. A wholehearted devotional service was led in the evening by Mrs. Annie Little-Barry, state superintendent of Sunday evening.

Throughout the convention the monotony, if there were any, was relieved by interspersing music, both vocal and instrumental, and in this connection may be mentioned, outside the local talent, the contributions of the Misses Mayme Jefferson and Louis E. Gibson, of Caspar.

J. M. Robinson recently received in a letter a clipping from a New Brunswick paper telling of a remarkable potato raised there this season as follows: "Mr. Joseph Robinson, one of our best known and most truthful citizens, has lately raised on his farm a combination potato which measures 34 inches in length and 22½ in width. This wonderful potato weighs 42 pounds and 7 ounces."

Attorney Keeling's Accident.

FORT BROWN, September 21.—Yesterday as Attorney Keeling and wife, of Lakeport, were going home from Ukiah, at a point in the road where the water company's flume runs along side of the county road, they met some ladies and children in a rig. Their horse became frightened and backed the buggy off the grade. The people managed to get out but the horse and buggy rolled over and over for a distance of fifty feet to the bed of the river.

The lady was bruised rather severely and both of them shaken up, the horse scratched a little and the buggy a total wreck. They came back to Fort Brown, patched themselves up, got a lunch and proceeded home in the stage. Jim Pool succeeded in getting the buggy out of the river and took it and the horse to Upperlake this morning.

Wm. Pickle is making quite a show on the new road. He has a force of twenty men and sixteen horses, and expects to complete the road in 30 days. He is bombarding Fort Brown with oak stumps and rocks. Sometimes the fire is returned. X.

We spent our money to establish a plant and business that the people needed—we have no Pull on you, hence we expect to win solely on our merits. Give us a trial. Ukiah Guarantee Abstract and Title Co.

Letter From Potter Valley.

POTTER, September 27.—Miss Josie Neill is visiting here of which place she was once a resident: in fact this is the land of her birth.

Mrs. Abbie Grover and children who have been visiting here are in Ukiah for a short time, thence Los Angeles-ward to visit her mother after which she will return to her home in Frisco, Utah.

For several days last week we were greeted with a heavy downpour of rain which settled the dust and caused the smoke to clear away. Now we have again the sunshine and already mother earth is putting on a new carpet of green. Some of our farmers are taking advantage of the early rains and have begun already to till the soil.

Marcus Gibson, of Ukiah, was here last week looking after his political interests.

Miss Esther Hopkins, who has been spending her vacation at home, returned Tuesday last to San Jose to resume her studies.

Miss Grace Marders, who has been home for the summer vacation has also returned to San Jose to school.

Miss Pearl Hopper and John Brown two of our young people, were recently united in wedlock. It was a surprise to some of their friends. The happy event took place in Ukiah; just when and who conducted the ceremony we do not know nor do we know their future whereabouts. May their future pathway continue unclouded, in happiness and prosperity.

Rev. Archibald, of the Adventists, began a series of meetings Wednesday evening last and still continues. He is an earnest and interesting speaker.

VERA.

Col. Tyson, of Caspar, is in Ukiah attending court.

John C. Ruddock returned this week from his eastern trip.

Dow Chilson returned Thursday from an extended trip to the St. Louis fair. He appears much pleased with his trip—but better at being home again.

Fred Slack and Bob Caughey, of Point Arena, were over on court business Saturday. They report good times in their section and while in town dropped into the PRESS office and took a lesson in the art preservative.

The C. N. railway gives an excursion to Ukiah on Saturday, October 8th, on account of the race meeting. Round trip tickets from Cloverdale and all stations this side will be sold for only fifty cents. With good weather the excursion will be well patronized.

Dr. and Mrs. J. W. Hudson departed Tuesday afternoon for Chicago. Dr. Hudson is a collector of Indian curios for the Field Columbian Museum of that city and his trip is on business in connection with his occupation. Mr. and Mrs. Hudson expected to spend some time visiting friends along the route.

A Good Exhibition

The following clipping from the Fort Bragg Mail regarding Ordway brothers, who will give their exhibition here next Thursday and Friday nights shows how they have been received in other places:

The Ordway brothers gave exhibitions of their skill in riding bucking broncos, wild steers and mad bulls, Saturday evening and Sunday afternoon last. Both performances were well attended, and everybody enjoyed the sport. The boys handled themselves and their animals with great skill and the only regret was that Fort Bragg could not supply any really bad or untamed horses. They have fifty dollars for anyone producing a horse that they cannot ride but no one has made a try for the money.

The steer tying was something worth seeing. Ira Ordway broke the state record by one second, throwing and tying his steer by three legs so he could not move, in 28 seconds from the time he started after him. Aldolph Ordway tied his steer in 58 seconds and Smith Ordway tied his in 62 seconds. All were good time, as two minutes has frequently taken the prize at county fairs in California.

On Sunday evening, October 2nd, at 7:45 o'clock, Miss Julia Frasier, of Oakland, young people's secretary of the synodical society of home mission, will deliver an address at the Presbyterian church on "Missions." Miss Frasier is the daughter of one of the pioneer ministers of the Pacific coast. Her father was home missionary in early days, with a territory extending from San Diego to Portland. She is a very interesting speaker and all who hear her will not fail to be edified. A cordial welcome is extended to the community at large.

G. M. Florey, piano and organ tuner for Kohler & Chase, will be in Ukiah from October 10th to 15th. Leave orders at Arlington hotel.

He may look pleasant whatever you offer, but set out "Old Gilt Edge" whisky and he'll feel pleasant. Wholesale at 29-31 Batery st. S. P. Wichman Lutgen & Co.

SAN FRANCISCO SEAWALL ACT.

CHAPTER CCXI.

An act to provide for the issuance and sale of State Bonds to create a fund for the construction by the Board of State Harbor Commissioners of a seawall and appurtenances in the City and County of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

(Approved March 20, 1903.)

The people of the State of California, represented in Senate and Assembly, do enact as follows:

Section 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of a seawall and appurtenances in the City and County of San Francisco, at a cost not to exceed two million dollars (which said seawall and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor, provided for in section ten hereof, prepare two thousand suitable bonds of the state of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date, the second day of January, A. D. nineteen hundred and five, and shall be made payable on the second day of January, nineteen hundred and twenty-four A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the said state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; provided, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and six, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest, and, likewise, all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay, and cancel the same, out of the moneys in the San Francisco seawall sinking fund provided for in this act, and he shall, on the first Monday of January, nineteen hundred and twenty-four, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year 1914.

Sec. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

Sec. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants duly drawn for that purpose.

Sec. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state, under the seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund, to be known and designated as the "San Francisco Seawall Fund" and must be used exclusively for the construction of seawalls and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

Sec. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "San Francisco Seawall Sinking Fund" shall be and the same is hereby created, as follows: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the state of California, or of the several counties or municipalities of the state of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage, to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the state of California. Between the first and the tenth day of November, in the year nineteen hundred and fourteen, and between the first and the tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same and the interest coupons thereon, and each year beginning with the year 1914 the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereabove stated. After the payment of all of said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, A. D. nineteen hundred and four, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the state of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and four; and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the San Francisco Seawall Act," and in a separate line under the same the words "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act, then the same shall be and become void.

Sec. 11. This act may be known and cited as the "San Francisco Seawall Act."

Sec. 12. All acts and parts of acts in conflict with the provision of this act are hereby repealed.

THROWING THE DICE.

The Ancient Germans Were Furious Gamblers at This Game.

The invention of dice has been of old ascribed to Palamedes, the son of Nauplius, king of Euboea, about 1244 B. C., and also to a Greek soldier named Alea, which is the Latin for a die, but Herodotus assigns both dice and chess to the Lydians.

The ancient Germans would gamble away at dice all that they were worth and then their liberty, submitting to slavery if they lost, and the Saxons, Danes and Normans were all addicted to the game. Fox Talbot is of opinion that the Latins invented, if not the game, at least the name for the single point, which they called unus. The Germanic races, adopting this practice from the Greeks, translated the Greek corruption of unus into ass, which has now become ace. The root of this word lies in the Latin as, the monetary unit.

John of Salisbury in the twelfth century mentions ten different uses of the dice. Stow mentions two entertainments given by the city of London at which dice were in evidence.—London Telegraph.

A Change of Dates.

Mrs. Dearborn—Were you married in June?

Mrs. Wabash—Yes, once on the 5th, once on the 8th, once on the 10th and another time on the 16th; but I've switched off to October; that's my marrying month now.—Yonkers Statesman

PACIFIC COAST BRIEFS

San Diego—Francisco Beltram, an Indian 70 years old, employed on the San Dieguito ranch, attempted to blow his brains out with a shotgun Saturday. He will probably not recover.

Marysville, Cal.—The sale of the fall wool clip in this city Saturday resulted in the disposal of over 90,000 pounds at an average price of 12 cents. Growers in a number of instances held their wool for higher prices, which they hope to get later in the season.

Napa, Cal.—Congressman Bell of Napa has received a telegram stating that $4500 has been allotted for the improvement of Napa river. No river and harbor bill was reported at the last session of congress, but an emergency fund of $3,000,000 was created to make any necessary improvements on streams.

Globe, Ariz.—W. H. Carpenter, a prominent ranchman, shot and killed his wife and then committed suicide Saturday. The couple, who had quarreled, were dividing their personal effects preparatory to separating, when the man began shooting.

San Francisco—Having been successful as defendant in a grand larceny charge in Oakland, Grace Naughton, a young woman of fragile appearance, has taken the other side of the proceedings and claims that George Cleary, an amateur detective, stole from her a diamond ring, pawned it and is now in Los Angeles.

Tacoma, Wash.—Infatuated with Mrs. R. M. Rose, and she not reciprocating his attentions, Arthur Huston, an aristocratic Englishman, walked into her room Saturday afternoon and in the presence of the woman and her little child, fired a shot into his head with a revolver. Huston meditated killing the woman also, but her screams and the cries of the child caused him to relent.

San Bernardino.—John Bladen, employed for the past two years at Highlands as a laborer among the orange orchards, returned from Connecticut possessed of a fortune estimated at $150,000, having come into the inheritance through the death of an aged uncle. Two years ago Bladen, his son and the latter's wife arrived here in a wagon, having come from Rio Dell, in Humboldt county, broke.

San Francisco—Three Chinese fishermen, who arrived here on the salmon ships from Alaska, were ordered deported Saturday by United States Commisisoner Heacock because they failed to have any registration certificates. One hundred and forty-six Chinese who arrived here on the cannery ships have been detained by the immigration officials pending the investigation of their right to land.

Portland, Or.—A contract has been closed whereby 3000 boxes of Oregon apples will be shipped by a Portland firm to Shanghai on the steamers of the Portland and Asiatic company between now and Christmas. Oregon apples have been sent to the orient for years, but the Shanghai market is an entirely new field for the fruit and has been opened largely as the result of efforts on the part of Consul H. B. Miller at Newchwang.

Ontario, Cal.—Some one's carelessness in dropping a dynamite cap on the county thoroughfare has cost little Bessie Green her left hand and may result in her death. The child is the daughter of Henry Green, an orange grower. While playing in front of her home she picked up a cap, and, not knowing its dangerous nature, was trying to hammer it flat with a rock, when, with a deafening report, it exploded, tearing away most of her hand.

Santa Rosa, Cal.—The infant son of Justice J. W. Gibson of Glen Ellen had an alarming experience a few days ago. The youngster swallowed about two ounces of coal oil. A doctor was summoned, and while taking the child's temperature the youngster bit off the end of the thermometer, and it and the mercury went to join the coal oil. The doctor administered the treatment necessary and in a short time the judge's son and heir recovered.

Bellingham, Wash.—The Globe Lumber Company's lumber and planing mills and shingle plant were destroyed by fire Saturday night, entailing a loss of $45,000. The origin of the fire is a mystery. The Globe mill was the first large plant of the kind built on Bellingham bay and was a landmark. The company had just signed a contract with a Seattle street contractor to cut 8,000,000 feet of lumber, one of the largest contracts for lumber ever signed by a mill.

San Francisco—Despite the strict orders issued by President Roosevelt regarding the parole of the men of the Russian cruiser Lena, the band of jackies that arrived here on the vessel is gradually growing smaller, and scarcely a day passes without desertions from the ranks. The parole under which the crew of the Lena was placed when the vessel was ordered disarmed at Mare Lsland has proved ineffective, and there is practically nothing to prevent the men from returning to their native land and reenlisting in the navy.

Seattle, Wash.—Nearly one-half of the business section of Dawson, the metropolis of the famed Klondike district, lies in ashes. Fire, which broke out in the Cecil hotel, formerly the McDonald, about midnight Saturday night, destroyed over half a million dollars worth of property. The conflagration is the most serious, save that of 1899, in the history of the town. It is especially unfortunate, as it occurred on the eve of the close of navigation on the Yukon, thus making it practically impossible to rebuild the burned structures before next summer.

Notice of Time and Place of Hearing Report of Viewers.

IN THE MATTER OF THE CONSTRUCTION of a public wagon road leading up Robinson creek in road district number 2.

Notice is hereby given to non-consenting land owners that Tuesday the 4th day of October, A. D., 1904, at 2 o'clock in the afternoon of that day at the Board room of the Board of Supervisors, in the Court house of Ukiah City, Mendocino county, California, have been fixed as the time and place for hearing the report of the viewers in the above entitled matter. The public highway to be constructed commences at a point on the public highway leading from Ukiah to Boonville and follows up Robinson creek for about eight miles again coming into the above mentioned road. Any and all non-consenting land owners are hereby notified to appear before the Board of Supervisors at the said time and place of hearing said report of said viewers as herein above specified, then and there to show cause, if any he has, why said report should not be finally accepted and approved, and the said road constructed as proposed and declared to be a public highway, and ordered to be opened as such; and also to show and prove to said Board the amount of damages which he may be justly and legally entitled to.

Dated Sept. 7th, 1904.

L. BARNARD, Chairman of said Board of Supervisors of Mendocino county, State of California.
